

Simple to use Touch interface

Less typing and more time with your patients

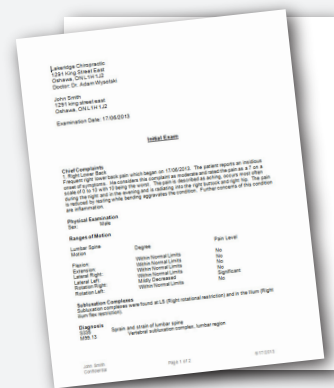

OCA ChiroWrite is a licensed clinical notes software product available to Ontario chiropractors and their associates. This state-of-the-art software offers an easy way to record patient visits and examinations, allowing SOAP notes and narratives to be effortlessly produced. ChiroWrite is a versatile software that was designed to run on a wide range of windows touch devices, such as tablets and touch monitors. Although the ChiroWrite interface is best experienced through touch devices, desktop and laptop computers are also compatible with the software.

Documentation is made simple with ChiroWrite. An easy to use interface with efficient layout, and check boxes greatly reduces the time spent on creating notes, versus the traditional paper method. Templates and custom paragraphs can be added with the touch of a button. Upon completion of your notes you can immediately generate exam reports, SOAP notes, x-ray reports, letters, and custom documentation. No more time wasted converting your paper notes.

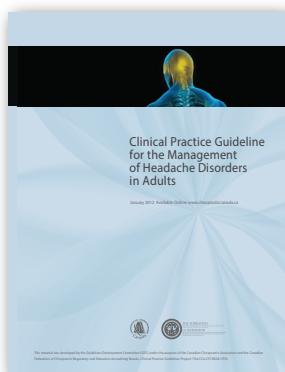

Make your notes efficient and complete

Create exams and reports effortlessly

Customize your experience

Save time, organize your setup to suit your practice needs
Add clinical practice guidelines

Make ChiroWrite work for you. Add your own chiropractic listings, work flow, exam procedures, graphics, letterhead, etc. Increase the validity of your notes by using exclusive CCA clinical practice guidelines and OCA content. Customized workphrases and buttons make it possible to add previously designed sentences and paragraphs to your notes with ease.
