Annual enhancements suggested by users

PMP is a continuously evolving program, and we welcome user feedback and suggestions.

INITIAL LICENCE FEES

The Patient Management Program is available for an initial licence fee of \$400 for a primary chiropractor. When additional practitioners in the same practice are being added to PMP, the licence fee for chiropractors is \$220 each and the licence fee for non-chiropractors is \$100 each. All practitioners, chiropractors and non-DCs, who practice in more than one location will be charged a \$25 administration fee for the second location and each subsequent location. Applicable taxes will be added to all the above fees. The initial package includes software, a User Manual and unlimited, toll-free telephone support for the period up to July 31.

OWNERSHIP AND SUPPORT

The Ontario Chiropractic Association retains ownership of all Patient Management Programs. Chiropractors who maintain their annual licence agreement will have the right to use PMP on a yearly basis. Annual licence fees are not pro-rated and discounts and refunds do not apply. The annual license fee includes unlimited, toll-free telephone support for the period up to July 31. A contractual relationship exists between the OCA and the primary licensee which defines the rights and responsibilities of each party. Only the primary licensee has permission to authorize changes to the PMP including but not limited to adding, updating and deleting practitioners. Changes can only be made to the Patient Management Program with the permission of the OCA and the knowledge and express written permission of the primary licensee.

ANNUAL LICENCE FEES

All practitioners choosing to use the Patient Management Program must pay an annual licence fee in order to maintain the right to use the program. The annual licence fee is \$330 for the primary chiropractor, \$220 for each additional DC and \$100 for each non-DC in the same practice. All practitioners, chiropractors and non-DCs, who practice in more than one location will be charged a \$25 administration fee for the second location and each subsequent location. Applicable taxes will be added to all the above fees. The annual licence fee covers the cost of program enhancements, updates and unlimited, toll-free telephone support for the period from August 1 to July 31. The primary licensee must renew the licence by August 1st of each year in order to receive the program update. This applies to all practitioners within the same clinic. Until full payment is received for all practitioners a PMP update will not be released to the clinic. Should a primary chiropractor cease to be an OCA member in good standing, alternate arrangements must be made for associate DCs and non-DCs within the same office.
